Mayor Bostic opened the meeting for a public hearing on additional appropriations for the Park & Rec Non-Reverting Fund.

Copley asked if there were any questions or comments from the public. Humphrey asked what happened, why we needed to do the additional appropriation. Copley explained that with the work that was done on the ball diamond more was spent than was appropriated. Humphrey questioned if we were not aware of the amount that needed to be spent. Copley said that yes, we were aware and that there was enough money in the fund, just not enough appropriated at budget time. Humphrey asked why we waited to do the additional appropriation.
